Good to know...

1. TASC is popular and can be a waiting list. We have 60 places. The waiting list is organised in accordance with the Swedish regulations in which siblings are given priority.
2. The staff are skilled adults and teachers who create fantastic opportunities for all our children every day; inspired by our children's interests and needs.
3. The staff to child ratio is good (1:15) which allows pupils to receive excellent care through individual or group opportunities each day.
4. TASC follows the aims and goals set out in the Compulsory Schools Curriculum (2011-Reviderad 2016). Section 1, 2 and 4 apply to Fritids.
5. All children have influence in TASC. Children decide on their own rules and goals for the TASC at the beginning of the year and term.
6. Snack and discussion time is when children can choose activities they are interested in.
7. Student Questionnaires help us know how children feel and what they want to improve.
8. Staff email a schedule to parents to show what we are doing with a selection of photos from the previous week.
9. We have Swedish speaking staff and encourage the use of Swedish amongst all children if they are comfortable with using the language.
10. Parents views are welcomed at TASC and we offer the opportunity to have parent teacher meetings twice a year.

A message from the Principal

The Tanto International School Fritids is affectionately known as T.A.S.C (Tanto After School Club). TASC offers some of our children the opportunity to remain in a safe and secure environment that stimulates and encourages fun, challenge and personal growth on a daily basis.

TASC children should feel a sense of belonging and be proud of their group. Our staff care for all individuals and strive to motivate the young children to develop their social and emotional well being.

As a school that works hard to promote the UN Charter for Children's Rights, through our UNICEF lessons, we are aware of the role that educational personnel and establishments play in developing democratic values, equality, tolerance and freedom.

These are supported by the school's 3 C's Motto: Care, Co-operation and Courtesy. This is something that our staff and children demonstrate through their actions. The teachers keep these topics and forums open throughout the week so all children can question the world they live in.

During each day, the staff plan activities inspired by the children and our environment. The children's time at TASC is a very happy one and it is extremely uplifting to see them playing together, at the end of the school day, whilst taking part in activities of their choice.

I am proud of the choice, care and consideration that we offer each child at T.A.S.C and I know the future is a very bright one for all our young people who are learning and enjoying their time at T.A.S.C.

Why not come and join TASC to see for yourself?

Mr Cameron,
Principal
